# Inaugural Conference of **Private Practitioners Forum** Neurological Society of India (NSI)

18th & 19th July 2025 | AIG Hospitals, Hyderabad, India

Theme: Holistic approach to Patient care and Practice sustainability

Dear Colleagues,

We are delighted to welcome you to the Inaugural Conference of the Private Practitioners Forum, organized by the Neurological Society of India (NSI).

This gathering offers a unique platform for neurosurgeons in private practice to share achievements, exchange knowledge on managing legal, financial, and operational challenges. Experts will provide guidance on patient care, compliance, risk management, billing systems, and procuring state of art equipment, innovations, entrepreneurship and challenges of Insurance billing.

Additionally, we will explore strategies for assessing ROI and breakeven points for new investments to ensure financial sustainability. With over 250+ delegates, including legal professionals, leading neurosurgeons, young neurosurgeons and industry experts, this forum promises valuable insights into establishing and growing a successful practice.

We look forward to engaging discussions that will empower you to navigate the complexities of private practice neurosurgery.

NEUROSCIENCES

## Why You Should Attend Private Practitioners Forum

Attending the Private Practitioners Forum offers numerous benefits for anyone involved in private practice.

**Here's why you should be part of this crucial meeting:**

### 1. Legal Insights and Risk Management:

Private neurosurgeons often face complex legal challenges, from patient consent and confidentiality issues to compliance with healthcare regulations. At this forum, legal experts will guide you on how to navigate these potential pitfalls, minimize risks, and protect your practice.

### 2. Optimise practice operations and improving patient care

Learn about the latest tools and technologies, including billing software and patient record management systems, that can streamline your practice and improve patient care. You'll gain practical knowledge on how to use these tools to enhance the efficiency of your operations.

### 3. Smart Investment Decisions:

Understanding the financial aspects of your practice is crucial. We will discuss how to evaluate the ROI (Return on Investment) and breakeven points for new equipment, ensuring that your investments in advanced medical machinery and technology lead to long-term profitability.

### 4. Networking with Experts:

This forum brings together over 250+ delegates, including leading neurosurgeons, Managing Directors and legal professionals. It's a valuable opportunity to network, share experiences, and learn from industry leaders.

### 5. Practical Guidance for New and Growing Practices:

Whether you're establishing a new practice or managing an existing one, the insights shared at this forum will equip you with the strategies needed to overcome challenges and achieve success in private neurosurgery.

### Who should attend

- Private Practitioners in Neurosurgical Care
- Neurosurgery Faculties from Institutions
- Young Neurosurgeons
- Residents

### Registration Fee

Private Practitioners: 4,000

Young Neurosurgeon: 3,000

Neurosurgery Residents: 1,000
